Cal OES Activation Status

• The Cal OES State Operations Center (SOC) transitioned to Joint Field Office (JFO) operations with FEMA to support recovery operations.

Cal EOC Incident - 2014 Drought

• SOC / Inland REOC remains activated in support of 2014 Drought

Weather of Concern

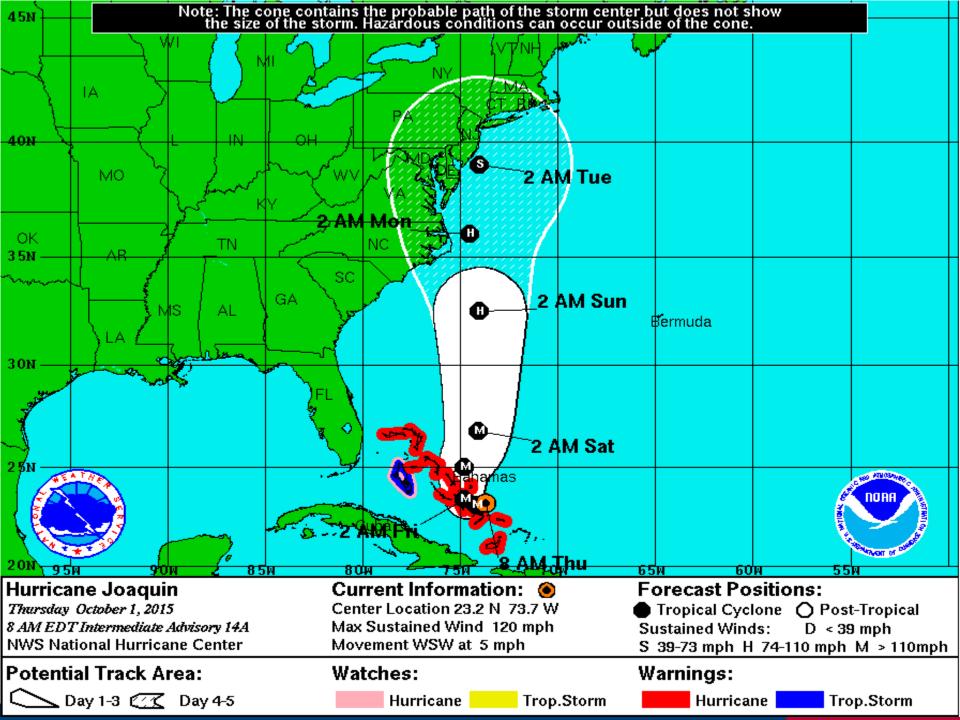

· No significant Weather Watches or Warnings are in effect.

Active Weather Warnings, Watches and Advisories by County:

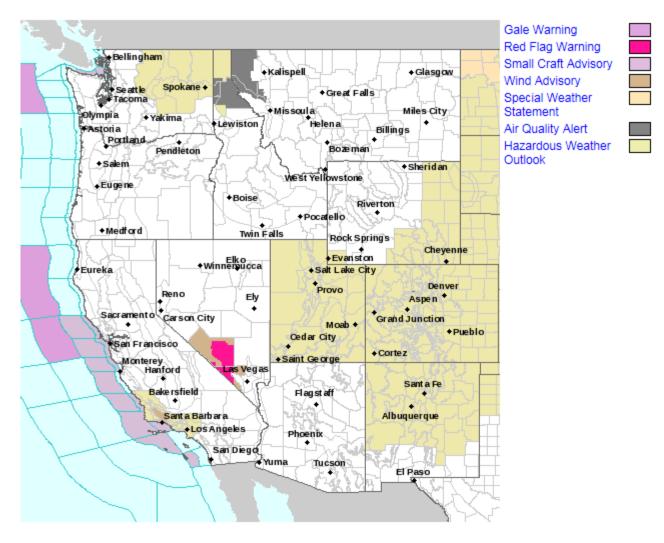

http://www.wrh.noaa.gov/sto/brief/wwa bc cal.php

Hurricane JOAQUIN, Atlantic Ocean - United State East Coast

- Joaquin is a category 3 hurricane currently situated About 75 miles southeast of San Salvador, Bahamas and about 10 miles north of Samana Cays, Bahamas. Maximum sustained winds are near 120 mph with higher gusts.
- Joaquin is expected to intensify a little more in the next 12 to 24 hours while over very warm waters and with decreasing vertical shear. Hurricane force winds extend outward up to 35 miles from the center and tropical storm force winds extend outward up to 140 miles.
- Joaquin is moving toward the west-southwest near 5 mph and this motion is expected to continue today. A turn toward the west-northwest is forecast tonight, followed by a turn toward the north and an increase in forward speed on Friday.
- Confidence in the details of the forecast after 72 hours remains low, as there have been some large changes in the model guidance overnight. The range of possible outcomes is still large, and the possibility of a hurricane landfall in the Carolinas still cannot be ruled out. The range of possible outcomes is still large, and includes the possibility of a major hurricane landfall in the Carolinas.
- Regardless of Joaquin's track, strong onshore winds will create minor to moderate coastal flooding along the coasts of the mid-Atlantic and northeastern states through the weekend.
- Many areas of the eastern U.S. are currently experiencing heavy rains and gusty winds associated with a frontal system. This inclement
 weather is expected to continue over the next few days, which could complicate preparations for JOAQUIN should it head toward the
 coast, and greatly exacerbate the impacts from the hurricane. Heavy rains are likely to continue over these areas even if the center of
 Joaquin stays out to sea.
- A hurricane watch for a portion of the U.S. coast could be required as early as tonight.

STATE WEATHER MAP

Last map update: Oct, 1st 2015 at 6:33:37 am MDT

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

Seasonable temperatures and dry conditions will continue through the middle of this week. Stratus will produce low clouds across portions of the coast overnight and early Thursday morning. Temperatures will cool slightly later this week.

Medford Weather:

An upper trough will make its way from the eastern pacific across northern California today. Modoc County appears to the most likely target for significant rain, however, things quickly dry out tonight with a brief warm-up on tap Friday.

Reno Weather:

Low pressure moving into northeast California today will bring rain, with rain and snow for the higher peaks of the Sierra. Another low pressure system will move in Saturday night and Sunday with additional shower activity. Temperatures will remain around average through early next week.

San Francisco Weather:

Showers will move continue to move today as moisture moves onshore. A warming and drying trend is expected tomorrow and Saturday as high pressure builds behind the trough. Another cold trough will drive down the coast Sunday bringing a shot of cooler temperatures and a slight chance of showers. Dry and seasonable weather returns early next week.

WEATHER

WEATHER SYNOPSIS BY REGION:

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:

Sacramento Weather:

Rain will develop across much of the region overnight into Thursday. Widespread precipitation is possible with the heaviest rainfall amounts expected in the foothills and northern Sierra. The chances of another system developing are becoming more likely this weekend. Details are not clear with weekend storm, but will be unsettled, breezy, and cooler with snow possible higher elevations.

Hanford Weather:

Moisture and clouds from the tropics will continue to stream in through tomorrow producing a slight chance of showers. High pressure ridging will develop on Friday and Saturday with warming temperatures. Another system expected on Sunday and Monday could produce significant cooling and showers activity.

SOUTHERN CALIFORNIA:

Los Angeles Weather:

A fast moving low will bring possible precipitation to the central coast today then high pressure will build in through Saturday for a warming trend. A cold low pressure will descend from the north to drop temperatures to below normal and bring possible precipitation Sunday and Monday. A high pressure ridge will arrive Tuesday for a return of above normal temperatures.

Extreme Southwestern California including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

A trough of low pressure moving through California today will bring cooler weather today along with locally strong westerly winds late today in the mountains and deserts. Friday will continue cool with a deep marine layer and Saturday will be a little warmer. On Sunday and Monday, a low pressure system will move through California. It will bring much cooler weather and a chance of showers mainly from the coast to the mountains. Dry and warmer weather will follow Tuesday and Wednesday.

Southeast California Weather:

Well above normal temperatures continue today before high pressure gives way to a couple of low pressure systems that will affect the western states. The first one will be dry and will lead to locally breezy conditions this afternoon and evening as it approaches before it brings cooler temperatures Friday. The next system brings additional cooling and rain chances.

FIRES, NORTHERN OPERATIONS AREA

SITUATION SUMMARY

Butte, Vegetation Fire, Amador and Calaveras County

Location: Butte Mountain Rd & Amador Lane, Jackson

Jurisdiction: DPA, SRA

Start Time: 09/09/15 at 1430 hours

Per Cal OES, CALFIRE, and ICS-209 as of 10/01/15 at 0658 hours:

70,868 Acres, 96% Contained

- Structures Destroyed: 475 Single Residences, 343 Other Minor Structures
- Injuries/confirmed fatalities: Two (2) confirmed civilian casualties have been reported by Cal OES Law Enforcement on 09/16/15. Cause of death to be determined.
- Local Government Resources: 3 engines

Proclamations

- The U.S. Department of Homeland Security's Federal Emergency Management Agency announced that federal disaster aid has been made
 available to the State of California and ordered federal aid to supplement state and local recovery efforts in the area affected by the Valley Fire
 (Lake County) and the Butte Fire (Calaveras County) for (IA) Individual Assistance.
- An FMAG has been received and approved by FEMA; FEMA-5111-FM-CA.
- Governor Edmund G. Brown Jr. issued an Emergency Proclamation for Amador and Calaveras Counties approving California Disaster Assistance Act (CDAA-2015-03) funding.

Activations

• The Cal OES State Operations Center (SOC) transitioned to Joint Field Office (JFO) operations with FEMA to support recovery operations.

Shelters / Evacuation Centers

Jenny Lind Veterans Memorial District, 189 Pine St, Valley Springs CA 95252. Midnight Shelter Count: 2

Community Care Licensing Facilities Impacted:

• Currently there are 7 facilities impacted by the Butte Fire. One facility has burned down. All the facilities impacted were child care facilities.

Animal Shelters:

- Calaveras County Animal shelter for small animals/pets only, 901 Jeff Tuttle Road, San Andreas, CA.

CAL OES 2014 DROUGHT

Cal EOC Incident - 2014 Drought

- The SOC is activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Recovery/Individual Assistance finalized an updated 2015 version of the drought brochure of programs and services for individuals, businesses, farmers, and ranchers. It has been put on the Governor's Drought webpage. State agencies may put the following link to the brochure on their webpage http://ca.gov/drought/pdf/Drought-Assistance-Brochure-2015.pdf
- Cal OES Regions (Inland, Coastal, Southern) collective OA drought call is facilitated by the SOC every Monday at 1100 hours.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

Local Emergency Proclamations:

A total of 60 local Emergency Proclamations have been received to date from city, county, and tribal governments, as well as special districts:

- 27 Counties: Butte, El Dorado, Fresno, Glenn, Inyo, Humboldt, Kern, Kings, Lake, Madera, Mariposa, Merced, Modoc, Plumas, San Bernardino, San JOAQUIN, San Luis Obispo, Santa Barbara, Shasta, Siskiyou, Sonoma, Stanislaus, Sutter, Trinity, Tulare, Tuolumne, and Yuba.
- 12 Cities: City of Live Oak (Sutter County), City of Lodi (San JOAQUIN County), City of Manteca (San JOAQUIN County),
